

Paperwork & Payment Deadline, January 24, 2019  
Video Upload Deadline, January 31, 2019

### **VALID VIDEO FORMATS**

SUPPORTED VIDEO FORMATS FOR UPLOAD: • WMV (WMV, WMV2, MSMPEG,VC-1) • MOV (Sorenson Video 3, H263, H264, animation) (Certain MOV files have audio encoded such that they cannot be transcoded without loss of sync with the video) • MPEG4 (mp4, 3ivx, DivX, Xvid, H264) • FLV (VP6 and Sorenson Spark) • DV and DVCPro • 3GP (mobile phones) • MPEG1 and MPEG2 • AVI (Indeo, Cinepak, Motion JPEG, MPEG) • F4V (H264) Since we use the FFMPEG framework for transcoding videos, all other formats supported by FFMPEG can be uploaded too.

NOT SUPPORTED: A few formats we occasionally encounter, but NOT supported are: • Quicktime (MOV) files that use the Apple ProRes codec (part of Final Cut). This codec also produces extremely large files. We advise to do a rough export from Final Cut Pro. • Quicktime (MOV) files that actually only contain a raw DV stream (some DV cameras export these). Export these files using either raw DV or H264/AAC Quicktime. • Quicktime (MOV) files with 24-bit audio. • DRM protected files from Microsoft (WMV) or the iTunes Store (M4V, MOV). • CSS encrypted DVD images (VOB). • WMV videos using the MSS2 video codec (for screencasting) Recommended specifications are available online for detailed information regarding preparation of your video for upload.
